

CLARTECH Ceiling Fan Coil Winding Machine for I. T. I. Student Training (CL-CWM-10-03-26K)

Performance Parameters	
Purpose	For Industrial Training Institute Students Training
Trade	Electrical Group
Specification	Ceiling Fan Coil Winding Machine 250V, 50Hz, 1 Phase with Speed Control
Machine and all Accessories must be compiled to relevant IS Standard.	Yes

Dimensional & Material Parameters	
Head	Single Head
Winding Speed	1440RPM
Winding Direction	Clockwise and anticlockwise
Stator Diameter	110 mm To 200 mm. MAX
Stack height	10mm to 30mm (can be adjusted)
Wire Diameter	27SWG to 38 SWG
Number of Poles	12, 14, 16, poles
Capacity	8 to 10 stator per hour
Counter	Digital Pre-set counter (4 digit x 2)
Motor	1/8 H.P. single phase 220 V AC with magnetic break
Power fail	Memory Detect

Reports	
Manual	User Manual With Machine
