

Clartech  
Engineers  
Private Limited

Definite Technology for  
**Weaving Preparatory**

# MONO MOTHER YARN SPLIT WARPING MACHINE

**MODEL : EVATECH**  
SPLIT DIRECT WARPING

Established In  
The Year 2004

[www.clartechengineers.com](http://www.clartechengineers.com)

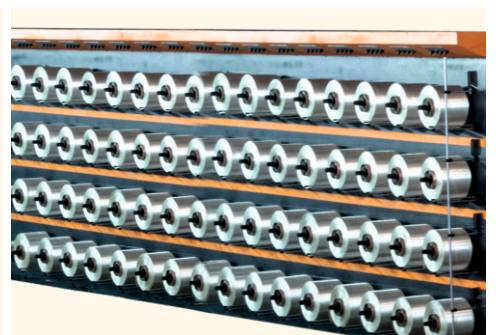

An ISO 9001:2015  
Certified Company

## Salient Features

- Complete asynchronous servo control system.
- Yarn tension Control through load cell & precisely controlled by close-loop PLC system.
- Stop motion working with higher sensing devices.
- Unwinding creel for mono mother yarn with individual motors.
- Very Efficient tension roller assembly to ensure uniform yarn tension.

## Technical Specification

| DESCRIPTION   | SPECIFICATION  |
|---------------|--|
| MOTHER YARN   | POLYSTER & NYLON   |
| BEAM SIZE     | Ø 535 X 535 MM<br>Ø 762 X 535 MM<br>Ø 535 × 1066 MM<br>Ø 762 × 1066 MM |
| WARPING SPEED | MAX 800 MTR/MIN  |
| BOBBIN SIZE   | Ø 90 X 380 MM<br>Ø 120 X 420 MM<br>Ø 125 X 420 MM                      |
| SPINDLE RANGE | 48-96 NOS.   |
