An ISO 9001:2015  
Certified Company

# Salient Features

- Excellent, Sturdy & Ergonomic design with separate beaming unit .
- Accurate length of warps & precise linear traverse through AC servo system.
- Hydraulic disc brakes with air cooled system on both sides with auto braking in case of power failure
- Lost end memory & other intelligent operational features with high resolution colour touch Screen display
- Data transfer for printing & data interface with external devices .
- Heavy beaming unit with hydraulic “Doffing & Donning” to ensure uniform beaming tension.
- Dynamically balanced , heavy metallic drum of 1000mm diameter with desired fixed cone height .
- Machine is equipped with safety device sensor in beaming side.
